EXPERIENCE

Cloud Engineer **Vapur**

Mar 2021 - Jan 2022

- Contributed to the build and maintenance of cloud-oriented architecture, business development, seed fundraising, forging connections within the blockchain industry, and implementing a DevOps approach to increase productivity.

Science Labs Assistant **Hawaii Pacific University**

Oct 2021 - Dec 2021

- Perform and/or assist in the preparation of all solutions, chemical, reagents, media, etc. needed to support laboratory sessions. Perform data entry of various laboratory supplies and chemicals.

Shop Diver/Web Developer **Negril Adventure Divers**

June 2014 - July 2019

- Managed dive shop & customers, occasionally accompanies guests on dives
- Created the initial website that allowed customers to learn more about our services and reserve dives, reducing the load on customer service and allowing our instructors to focus solely on the dives themselves

Billing Manager

Four Corners Logistics LLC

Apr 2015 - Aug 2017

- Organized paperwork for billing, implemented financial data entry, overlooked driver logs, etc.
- Developed and implemented effective templates in Microsoft Word and Microsoft Excel to optimize efficiency in the workspace
